Dear Mr. Fisher:-  
I am a boy eight years old and I like Mutt and Jeff very much but you always have them broke so I feel sorry for them.  
Please let them get some money so they won't have such a hard time.  
Hoping to see them get some money I will close.

## Today's Market Reports

## WALL STREET TAKES A SUDDEN BRACE

(By Leased Wire to Evening Herald)  
New York, March 31.—The market was again decidedly quiet and exhibited no particular strength throughout the morning. From the action of the interstate commerce commission on expediting hearings in the freight rate case it was inferred that the decision might be reached earlier than had been expected. The news stimulated railroad stocks, which led the advance.

The unusually good winter wheat harvest gave further impetus to the stocks in which the industrial expansion of the country is based. Over extensions in a number of places placed the advance was due to position and retreat of the bears as shown to the on long side. Bonds were options. Northern Pacific touched 115.

Bear operators contested the tendency toward further improvement and prices eased off in the late afternoon.

The market closed firm. General weakness of government bonds attracted attention in view of the higher prices of state and municipal issues on investment buying. Deals in stocks were perfunctory toward the close and fluctuations were trivial.

The more important stocks closed as follows:

Americanized, 78 1/2.

Sugar, 100 1/2.

Atchison, 97.

Reading, 106.

Southern Pacific, 95 1/2.

Union Pacific, 158 1/2.

Steel, 83 1/2.

Steel preferred, 109 1/2.
